

Strategic Planning

Education: Public

- Conduct community-based outreach to increase access, trust and confidence in the judicial branch by helping minority communities to understand court processes such as protective orders and traffic tickets
- Collaborate with the Juvenile Justice Services Division to present a session on juvenile reform which would include the Statewide Report Card and alternatives to detention to stakeholder groups.

Education: Court Staff

- Collaborate with the Education Services Division to condensed the online session of the Diversity Broadcast for regional conferences or standalone sessions (30 mins or 2-1 ½ hrs) and produce other such sessions.

Education: Judges

- Investigate ways to collaborate with the Arizona State, Tribal and Federal Court Forum.
- Conduct workshops regarding hiring and training practices to improve diversity on the bench.

Education: Students

- Law School Internship/Clerkship Seminars: Speaking at law schools to encourage students of color to apply for internships and clerkships.
